Dear [Redacted]

I am writing in response to your January 15 letter regarding the treatment your child, a Rutgers student, received at the university.

Although I recognize that you will not be satisfied with this response, I must inform you that applicable federal and state law guarding the confidentiality of a patient's record would prohibit my sharing information with you regarding your child's treatment.

Speaking as a fellow parent, I am sorry to learn about the distance that currently exists between you and your child, and it is my sincere hope that you both will grow closer together in the months and years to come.

You have my best wishes.

Sincerely,

Robert Barchi
